📍 Pune, Maharashtra, India

## CAREER OBJECTIVE

A passionate and dedicated computer science student with a profound interest in technology and innovation, seeking an internship in software engineering at Google. Ready to utilize my technical skills and creative thinking to make a meaningful contribution to Google's goal of advancing technology and empowering users globally.

## WORK EXPERIENCE

### Volunteer

#### CRIEYA - MIT ADT University

📅 January - 2024 📍 Pune, Maharashtra, India

- **Coordinated the "CRIEYA InnoInsightChallenge - 2024"**,
- a prominent event celebrating creativity and entrepreneurship in partnership with "Chitale Bandhu Mithaiwale, Pune".
- **Engaged with innovative minds** from diverse backgrounds within the Science and Technology field, fostering collaboration and idea exchange.
- **Contributed to strategic planning and execution** of event logistics, ensuring seamless operations and a memorable participant experience.

## PROJECTS

Project Based Learning

### Developer and Project Lead

📅 November 2023 - current

- Developed and led the "PGify" project, a web application designed to assist university students in finding suitable PG accommodations within a selected radius from campus
- Utilized HTML/CSS-based tools to import and export data, reducing data transfer time by 34%.
- Generated data-driven insights, supporting key business decisions
- Gathered monthly reports on data entry metrics, helping strategic planning and resource allocation.

## EDUCATION

B.Tech

Computer Science Engineering

[MIT ADT University](#)
